## 2011 Hetuck Pinewood Derby Rules

- For the Hetuck District Pinewood Derby race the Cub Scout must be present to race the car.
- One car is permitted per Cub Scout for the speed race and another car is permitted for the turtle race.
- There will be a registration fee per race event. (Speed Race has a fee and Turtle Race has its own fee also.)
- The Speed Race or the Turtle Race may be entered separately.
- Cars must have been constructed in the 2010-2011 Scout Year. Parts made in previous years may not be used.
- Scout may race at the rank he was during his Pack race.
- Webelos which have crossed over to Scouts this year may race as Webelos.
- Car width shall not exceed 2 ¾". Car length shall not exceed 7". Car weight shall not exceed 5 oz.
- Car height may not exceed 5 inches.
- Car width between wheels must be at least 1 ¾".
- Car bottom clearance between car and track surface must be at least 3/8". (**This will be measured at check in**).
- Only powered graphite is permitted.
- NO** wet lubricant is permitted. Wet lubricant will damage the track.
- After the car goes to the holding area, **NO** more graphite will be permitted.
- Must use BSA wheels, BSA axles, and BSA car body. One piece axles are NOT permitted.
- Extended wheel base is NOT permitted. (4 ½ inches is the maximum distance between front and rear axles).
- The wheel's tread area, which is flat and the car runs on, must remain flat and cannot be altered, but light sanding is permitted.
- No wheel covers or hubcaps.
- All parts and weights must be secured to car.
- No liquid mercury.
- Wheel bearings, washers and bushings are prohibited.
- The car shall not ride on springs.
- Details, such as steering wheel and driver are permissible as long as these details do not exceed the maximum length, width and weight specifications.
- The car must be free-wheeling, with no starting devices, magnets, slip weights, or adhesives.
- All parts of the car must rest behind the gate side of the starting post.
- Each car must pass inspection by the official Inspection Committee before it may compete.
- If, at check-in, a car does not pass inspection, the owner will be informed of the reason for failure, and will be given time within the official check-in time period to make the adjustment.
- The parents will be responsible for any changes that need to be made to the car to pass check-in and weigh-in.
- A car is NOT declared as passing any part of the inspection until it has passed all of the inspected areas at one time.
- After the car is placed in the holding area, **NO** further adjustments may be made, and the car can **NOT** be removed.
- It is the responsibility of the racer and the parent to make sure their car is facing the proper direction on the track at the starting line and that their car is placed on the proper lane. Any problem must be immediately addressed before that race begins.
- The finishing order determined by the finish line will stand as the official results.
- Your car must be weighed-in and inspected by the end of the weigh-in period. NO EXCEPTIONS.
- If a car jumps the track and interferes with the other cars, then the heat will be rerun only once. The second time the car jumps the track in that heat then the car is disqualified.
- TURTLE RACE RULES** are the same as above with the following added rules:
  - The goal of the Turtle race is to be the **LAST** car to activate the finish line detector.
  - Turtle Race Entry may consist of a Cub Scout by himself or a Cub Scout and a partner such as a parent, grandparent, guardian, brother, sister, relative, friend, youth or adult.
  - The Cub Scout partner, only for the turtle race, is encouraged to participate with the Cub Scout and is allowed to help the Cub Scout to adjust the turtle car to the desired setup between race heats.
  - During the elimination phase, each car will get 4 runs down the track and the 4 cars with the slowest times will move to the Turtle Trophy Round.
  - During the elimination phase if the car does not cross the finish line, it will be given the race time of 1 sec. for that run.
  - Turtle Trophy Round is one race, and the last car to be detected by the finish line is the winner. Car must finish to place.

### **SPEED RACE FORMAT:**

We will be using GrandPrix Software. This software uses a charting method in which all racers race in every lane, and all racers race an equal number of times for that particular event.

**DEN competition**--A racing chart will be generated meeting the above requirements. The top 3 places will be determined by the sum total accumulation time from all of that car's runs. This means that **the times from each run will be added together to get the total time for that car. The car with the shortest sum total of time is the winner.** This means the fastest cars will truly be the winners. It may be possible to get a 1<sup>st</sup> place or a 2<sup>nd</sup> place and not make it to the top 3 positions because you were racing slower cars at the time when you got 1<sup>st</sup> or 2<sup>nd</sup> place. The race times are more important than the position in which the car finished. The top three cars will move on to the Grand Finals Elimination Phase.

**Grand Finals Elimination Phase**--A racing chart will be generated in which all racers race in every lane, and all racers race an equal number of times. The top 3 cars with the shortest total times will move on to the Grand Finals Trophy Round.

**Grand Finals Trophy Round**-- A racing chart will be generated in which all racers race in every lane, and all racers race an equal number of times (4 times on the 4 lane track). The car with the shortest sum total of time will be the winner.

# Hetuck

Buckeye Council 2011 Day Camps

**When:** June 13<sup>th</sup> - 16<sup>th</sup> ...rain date of June 17<sup>th</sup>

**Where:** North Industry Sportsmen's Club

**What Time:** 9am - 4pm

**Check-In:** 8:30 am

**Registration \$ Fees Deadline: May 1<sup>st</sup>**

There is a \$20/late registration fee for registrations received after May 1<sup>st</sup>, 2

**Cost: \$65**

Includes:

- camp t-shirt
- camp patch
- 4 days of fun!!

Seperate  
**Webelos Land**  
with various Webelos  
pins offered!

This form should be turned in to the Scout service center with your charter renewal paperwork.

JOURNEY TO EXCELLENCE

# Scouting's Journey to Excellence

## 2011 Pack Performance Recognition Program

Journey To Excellence, the new performance recognition program, changes the basic way we measure and recognize success in the Boy Scouts of America by moving away from measuring process and moving to measuring performance. Below provides specific information to help you understand the criteria and exactly what data will be used to determine the three levels of performance. In planning your strategy, use actual numbers from the previous year to guide your performance improvement goal planning. In each area, the pack may qualify by meeting a specific standard or by showing measured improvement.

1	Total number of Cub Scouts advancing at least one rank (Bobcat, Tiger, Wolf, Bear, Webelos, Arrow of Light) since your last charter renewal date (A), divided by total Tiger Cubs, Cub Scouts, and Webelos Scouts at the current charter renewal date (B). Total = A / B.
2	Number of youth members on this year's recharter (C) divided by the number of youth members on last year's recharter (D) plus any additional youth members (E) minus any transfer outs or age outs (F). Total = (C) / (D+E-F).
3	At charter renewal time, have an increase in the number of youth members over the number of youth members on the previous year's charter renewal.
4	The pack has activities in the outdoors, which could include outdoor pack meetings, hikes, pack campouts, parades, outdoor service projects, etc.
5	Have a pack committee. All CM, CA, MC, TL, DL, DA, WL, and WA (paid or multiple registration) have completed This Is Scouting, Fast Start training, and Youth Protection training or, if new, complete within three months of joining. Den or pack meetings have started by 10/31/2011.
6	Cub Scouts attend an in-council/out-of-council Cub Scout day camp and/or Cub Scout resident camp in 2011. Silver and Gold levels are total number of Cub Scouts attending (G) divided by total number of Cub Scouts registered as of 6/30/2011 (H). Total = G / H.
7	The pack participates in at least two service projects during the year and enters them on the Journey to Excellence website. The projects may be completed as joint projects with other organizations. At least one project must benefit the chartered organization.
8	The pack recruits or confirms the next year's leadership, including CM, DLs, and WLs, by 5/31/2011. The pack holds its fall recruitment event by 9/30/2011.
9	Hold at least two joint activities with a troop or troops, one of which is a new parent orientation and camp promotion meeting, and have graduating boys register with a troop. If pack has no Webelos Scouts, this requirement is met at the Bronze level.
10	The pack has a written budget that is reviewed at all pack committee meetings, and the pack follows BSA policies relating to fundraising and fiscal management as found on the Unit Money-Earning Application form, the pack treasurer's book, and any other publication that the council has developed for fundraising and fiscal management.
11	Have at least nine pack meetings within the past 12 months, with one of those meetings being to review the pack's program plans and asking for parental involvement in the pack. All dens meet at least twice each month during the program year.
12	Complete the pack's charter renewal paperwork, including all required signatures, and submit completed forms to the council service center before the end of the charter year.
13	Complete this form, including all required signatures, and submit to the council service center with the charter renewal paperwork.

**Scoring the pack's performance:** To determine the pack's performance level, you will use the above information to determine the points earned for each of the 13 individual criteria and then add those individual point scores to determine a composite score. Count only the highest point total achieved in any one requirement. Bronze level requires earning 10 of the 13 criteria plus 700 points, Silver level requires earning the Bronze level and 1,000 points, and Gold level requires earning the Bronze level and 1,600 points.

Performance measures already being considered for inclusion in the 2012 council performance recognition program will involve collecting feedback and improved scores on customer satisfaction surveys sent to parents, youth members, and charter partners.
